PHONOGRAPH INDUSTRY TO GROW -- Svobodne Slovo, No 115, 17 May 49

The value of the products of the phonograph industry is to rise by 1953 to 660 million crowns, as against 113 million in 1948. Six million phonograph records are to be manufactured, an increase of 50 percent over this year's level. This year's production of phonographs is 58,000; the 1953 output is to be 111,000 units. The value of exports, which last year was 16 million crowns, is to rise in 1953 to 45 million.

The plants in Lodenice, near Beroun, will be adapted for production by this industry.
